

## MINNESOTA SAFETY COUNCIL

# MEMBERS-ONLY REGIONAL GROUPS

**Regional meetings are quarterly, in-person meetings for members only to discuss safety issues and to network with other safety professionals. This is different than safety training. Members work collectively to select discussion topics, dates and location for each meeting.**

### Examples of Discussion Topics

- Safety culture
- Selling safety to employees and management
- Making training fun and interactive
- Fighting complacency
- Generation differences
- Safety management systems and tracking
- OSHA overview and update from OSHA representative
- Workers' comp issues
- Incident investigations
- Emergency action plans
- Temp and contract workers
- Managing company drivers
- Effective safety committees
- Workplace violence and facility security
- OSHA inspections
- Hazard recognition
- Observations and Behavior Based Safety
- Ergonomics
- Vendor selection for safety gear

### Who is Eligible to Attend?

- Your organization is a current MSC member.
- Safety of employees is in your job description.
- You are willing to attend and take an active part in discussions.
- Manufacturing, food, medical, agriculture, health, utilities, education, retail, business services, construction, city, county, state and federal government are some of the industries attending.

### Group Organization

- MSC representative distributes meeting notices and tracks attendance, and attends each meeting as a facilitator.
- Group members are responsible for actively discussing topics and asking questions of other group members.
- Meetings occur in various cities in each region. See map on back.
